

Endowed Scholarship Policy

The following information details the steps necessary for a donor to establish an Endowed Scholarship that may be named in honor or in memory of an individual, family, church, etc.

- The minimum amount required to establish a Warner University Endowed Scholarship fund is \$20,000. If the initial gift does not meet that amount, the donor may continue donations until it is fully funded at the \$20,000 level.
- Once the fund has reached the endowment level of \$20,000, the University will award scholarships on an annual basis. The size of the award to the student is dependent upon the current interest rate.
- By completing the [Endowed Scholarship Guidelines form](#), the donor may designate specific criteria for awarding the scholarship.
- Legal name and address:
