

# WARNER UNIVERSITY

BEYOND BELIEF

Since its inception in 1968, Warner University has been a Christ-focused, service-oriented university. Warner has never wavered in its steady growth of both spiritual formation and degree offerings.

As Warner University turns 50 this year, we are celebrating our past by building upon our foundation, yet catapulting the university into the future through innovation and transformation.

Warner University's campus is an exciting workspace of growth and expansion this year with over 45,000 sq. ft. of renovation and new construction. Students will soon benefit from a new Athletic Training Center, the Swindle Agriculture Complex, two renovated residence halls, as well as a new baseball stadium.

With an all-time record enrollment of 1,215, more students equals more degree offerings, include the latest majors: Marine Technology, Criminal Justice and Hospitality and Tourism.

Warner develops servant leaders who evaluate issues from a Christian perspective and who strive to live out their beliefs in their communities, workplaces, and homes.

Come see Warner for yourself!
